

Nursing Care Bed 524,824,1024 SB

Jysk Handi Nursing Care Bed Models 524, 824 and 1024 are designed for children and adults with physical or mental disabilities. The sturdy construction and height of the bed allows it to be used by very troubled users.

Panel height:

Model 524: H 50 cm

Model 824: H 80 cm

Model 1024: H 100 cm

(from mattress top edge to panel top edge)

Nursing Care Bed Models 524, 824 and 1024 include:

2 beech plywood headboards

2 outward opening, four section

folding, lacquered beech rod doors

with recessed top and bottom closure systems.

The Nursing Care Bed is mounted on a SB 755 base, which ensures a unique sitting position and minimizes the risk of wounds due to pressure, shear and friction. These features include, among other things, an excellent backrest return, an optimal reclining length and a leg section that can be lowered below the horizontal level.

Mattress

NOTE: Mattress ordered separately.

Size: 13 x 80 x 200 cm

Includes an incontinence cover, which can be washed at 95°C and put in the dryer.

Available in Tempraflex or cold foam.

Nursing Care Bed 524,824,1024 SB

Padding: IN

Padding: IN/EDGE

Padding

It is possible to order padding on one, several or all panels and headboards.

The padding can be either as shown: IN or IN/EDGE.

PETG

The Nursing Care Bed can be fitted with plexiglass on all doors as well as retrofitted if the need arises later.

The Nursing Care Beds are prepared for retrofitting plexiglass in the doors with a gray molding.

Closing slider

The Nursing Care Bed is available with a closing slider, flush with the top edge of the door, which is optimal for users who get in and out of bed themselves.
